ANNUAL REPORT

CITY OF EPHRATA

MCAG 0304

Submitted pursuant to RCW 43.09.230

to the

STATE AUDITOR'S OFFICE

FOR THE FISCAL YEAR ENDED DECEMBER 31, 2009

CERTIFIED CORRECT THIS 19th DAY OF MAY, 2010 TO THE BEST OF MY KNOWLEDGE AND BELIEF:

SIGNATURE Leslie Flac Susle

LESLIE TRACHSLER, CMC CITY CLERK/FINANCE DIRECTOR

PREPARED BY LESLIE TRACHSLER, CITY CLERK/FINANCE DIRECTOR
TELEPHONE NUMBER (509)754-4601, ext. 120

CITY OF EPHRATA

NOTES TO THE FINANCIAL STATEMENTS JANUARY 1, 2009 THROUGH DECEMBER 31, 2009

The following notes are an integral part of the accompanying financial statements.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Ephrata reports financial activity using the revenue and expenditure classifications, statements, and schedules contained in the Cash Basis Budgeting, Accounting and Reporting System (BARS) manual. This basis of accounting and reporting is another comprehensive basis of accounting (OCBOA) that is prescribed by the State Auditor's Office under the authority of Washington State law, Chapter 43.09 RCW.

The City of Ephrata was incorporated in June, 1909 and operates under the laws of the State of Washington applicable to a non-charter code city with a mayor/council form of government. The city is a general purpose government and provides public safety, fire prevention, general administration, street improvement, parks and recreation. In addition, the city owns and operates water, sewer and garbage services. The city uses single-entry, cash basis accounting which is a departure from generally accepted accounting principles (GAAP).

A. Fund Accounting

The accounts of the city are organized on the basis of funds, each of which is considered a separate accounting entity. Each fund is accounted for with a separate set of single-entry accounts that comprises its cash, investments, revenues and expenditures, as appropriate. The city resources are allocated to and accounted for in individual funds depending on their intended purpose. The following are the fund types used by the city.

GOVERNMENT FUND TYPES:

Current Expense Fund

This fund is the primary operating fund of the city. It accounts for all financ al resources except those required or elected to be accounted for in another fund.

Special Revenue Funds

These funds account for revenues that are legally restricted or designated to finance particular activities of the city.

Debt Service Funds

These funds account for the accumulation of resources to pay principal, interest and related costs on general long-term debt.

Capital Projects Funds

These funds account for financial resources which are designated for the acquisition or construction of general government capital projects.

Permanent Funds

These funds account for financial resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support programs for the benefit of the government or its citizenry.

PROPRIETARY FUND TYPES:

Enterprise Funds

These funds account for operations that provide goods or services to the general public and are supported primarily through user charges.

Internal Service Funds

These funds account for operations that provide goods or services to other departments or funds of the city on a cost-reimbursement basis.

FIDUCIARY FUND TYPES:

Fiduciary funds account for assets held by the city in a trustee capacity or as an agent on behalf of others.

Pension Trust Funds

These funds are used to account for the operations of trusts established for employee retirement benefits. They are accounted for in essentially the same manner as proprietary funds because of the need for determining the periodic income of the trust.

B. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Revenues are recognized only when cash is received and expenditures are recognized when paid, including those properly chargeable against the report year budget appropriations as required by state law.

In accordance with state law the city also recognizes expenditures paid during twenty days after the close of the fiscal year for claims incurred during the previous period.

Purchases of capital assets are expensed during the year of acquisition. There is no capitalization of capital assets, nor allocation of depreciation expense. Inventory is expensed when purchased.

The basis of accounting described above represents a comprehensive basis of accounting other than accounting principles generally accepted in the United State of America.

C. Budgets

Annual appropriated budgets are adopted for Current Expense, Special Revenue, Debt Service, Capital Project, Proprietary and Fiduciary Funds. The financial statements include budgetary comparisons for those funds.

Annual appropriated budgets are adopted at the fund level. The budgets constitute the legal authority for expenditures at that level. Annual appropriations for all funds lapse at the fiscal period end.

The Mayor is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of a fund, or that affect the number of authorized employee positions, salary ranges, hours, or other conditions of employment must be approved by the city's legislative body.

D. Cash

It is the city's policy to invest all temporary cash surpluses. The amount is included in the net cash and investments shown on the statements of fund resources and uses arising from cash transactions. The interest on these investments is prorated to the various funds.

E. <u>Deposits</u>

The city deposits and certificates of deposit are covered by the Federal Deposit Insurance Corporation and the Washington Public Deposit Protection Commission.

F. <u>Investments</u> - See Note 3

G. Capital Assets

Capital assets are long-lived assets of the city and are recorded as expenditures when purchased.

H. Compensated Absences

Vacation leave may be accumulated up to 35 days and is payable upon separation or retirement.

Sick leave may be accumulated indefinitely. Upon separation or retirement, employees receive payment for 50% of unused sick leave, once they reach a threshold of 200 hours, up to a maximum cash out of 480 hours.

I. Long-Term Debt - See Note 5

J. Other Financing Sources or Uses

The city's "Other Financing Sources or Uses" consist of transfers in and transfers out.

K. Risk Management

The City of Ephrata is a member of the Cities Insurance Association of Washington. Chapter 48.62 RCW authorizes the governing body of any one or more governmental entities to form together into or join a pool or organization for the joint purchasing of insurance, and/or joint self-insuring, and/or joint hiring or contracting for risk management services to the same extent that they may individually purchase insurance, self-insure, or hire or contract for risk management services. An agreement to form a pooling arrangement was made pursuant to the provisions of Chapter 39.34 RCW, the Interlocal Cooperation Act. The pool was formed on September 1, 1988 when 34 cities in the State of Washington joined together by signing an Interlocal Governmental Agreement to pool their self-insured losses and jointly purchase insurance and administrative services. As of August 31, 2009, the CIAW had 86 regular members and 170 associate members.

The pool allows members to jointly purchase insurance coverage and provide related services, such as administration, risk management, claims administration, etc. Coverage for Employment Practices and Management Liability is on a "claims made basis". All other coverage's are on an "occurrence basis". The pool provides the following forms of group purchased insurance coverage for its members: Property, liability, vehicle liability, other mobile equipment, boiler and machinery, bonds of various types, excess liability and public official liability.

The pool acquires liability insurance through St. Paul Fire & Marine Insurance Company (Travelers) that is subject to a per-occurrence deductible of \$100,000. Members are responsible for the first \$1,000 of the deductible amount of each claim, while the pool is responsible for the remaining \$99,000. Insurance carriers cover insured losses over \$100,000 to the limits of each policy. Since the pool is a cooperative program, there is a joint liability among the participating members towards the sharing of the \$99,000 portion of the deductible. The pool also purchases a Stop Loss Policy in the amount of \$5,500,000 to cap the total claims paid by the pool in any one year.

Property insurance is subject to a per-occurrence deductible of \$10,000. Members are responsible for the first \$1,000 of the deductible amount of each claim, while the pool is responsible for the remaining \$9,000.

Boiler and machinery insurance is subject to a per-occurrence deductible of \$2,500. Members are responsible for the deductible amount of each claim.

Each new regular member pays the pool an admittance fee. This amount covers the member's share of unrestricted reserves. Members contract to remain in the pool for a minimum of one year, and must give notice before August 31 before terminating participation the following September 1. The Interlocal Governmental Agreement is renewed automatically each year. Even after termination, a member remains responsible

for contributions to the pool for any unresolved, unreported, and in-process claims for the period they were a signatory to the Interlocal Governmental Agreement.

The pool is fully funded by its member participants. Claims are filed by members with Canfield & Associates, which has been contracted to perform pool administration, claims adjustment and administration and loss prevention for the pool. Fees paid to the third party administrator and loss prevention for the pool. Fees paid to the third party administrator under this arrangement for the year ended August 31, 2008 and 2009 were \$1,321,289 and \$1,389,379 respectively.

A governing board is selected by the membership and is responsible for conducting the business affairs of the pool. The Board of Directors has contracted with Canfield & Associates to perform day-to-day administration of the pool. This pool has no employees. Copies of the pool's annual report may be obtained by writing to 451 Diamond Drive, Ephrata, WA 98823.

NOTE 2 – COMPLIANCE AND ACCOUNTABILITY

There have been no material violations of finance-related legal or contractual provisions.

NOTE 3 – INVESTMENTS

The city's investments are either insured, registered or held by the city or its agent in the city's name.

Investments by type at December 31, 2009 are as follows:

Type of Investment	Balance
L.G.I.P.	\$1,074,609
Grant County Investment Pool	\$5,805,778
Time Deposit	\$ 95,715
TOTAL	\$6,976,102

Investments are at cost which approximates market.

NOTE 4 – PROPERTY TAXES

The county treasurer acts as an agent to collect property taxes levied in the county for all taxing authorities. Collections are distributed after the end of each month.

Property tax revenues are recognized when cash is received by the city. Delinquent taxes are considered fully collectible because a lien affixes to the property after taxes are levied.

The city's regular levy for the year 2009 was \$2.48591 per \$1,000 on an assessed valuation of \$407,445,006 for a total regular levy of \$1,012,871.

NOTE 5 – LONG-TERM DEBT

The accompanying Schedule of Long-Term Debt (09) provides a listing of the outstanding debt of the city and summarizes the city's debt transactions for 2009. The debt service requirements, including interest, are as follows:

	General			
	Obligation	Inter Gov't	Other	Total
	Bonds	<u>Debt</u>	Debt	<u>Debt</u>
2009	\$ 99,985	\$ 542,184	\$ 78,032	\$ 720,201
2010	\$ 102,165	\$ 824,275	\$ 78,032	\$ 1,004,472
2011	\$ 104,045	\$ 823,430	\$ 78,032	\$ 1,005,507
2012	\$ 100,615	\$ 820,259	\$ 78,032	\$ 998,906
2013	\$ 102,115	\$ 725,628	\$ 78,032	\$ 905,775
2014	\$ 103,290	\$ 723,526	\$ -0-	\$ 826,816
2015-2019	\$ 408,778	\$ 3,586,150	\$ -0-	\$ 3,994,928
2020-2024	\$ -0-	\$ 2,288,105	\$ -0-	\$ 2,288,105
2025-2029	<u>\$ -0-</u>	<u>\$1,352,945</u>	\$ -0-	<u>\$ 1,352,945</u>
TOTAL	\$ 1,020,993	\$11,686,502	\$390,160	\$13,097,655

NOTE 6 – PENSION PLANS

Substantially all city full-time and qualifying part-time employees participate in Law Enforcement and Fire Fighters (LEOFF) or Public Employees Retirement System (PERS) administered by the Washington State Department of Retirement System, under cost-sharing multiple-employer public employee defined benefit and defined contribution retirement plans. Actuarial information is on a system-wide basis and is not considered pertinent to the city's financial statements. Contributions to the systems by both employee and employer are based upon gross wages covered by plan benefits.

Historical trend or other information regarding each plan is presented in the Washington State Department of Retirement Systems annual financial report. A copy of this report may be obtained by writing to:

Department of Retirement Systems Communications Unit P.O. Box 48380 Olympia, WA 98504-8380

OTHER DISCLOSURES

During an internal audit of Petty Cash, discovered petty cash was increased in 2007 from \$3,200 to \$3,700 by Resolution 07-898. The \$500 difference was added back into the cash balance for Current Expense Fund (001). This created a \$500 difference between the ending fund balance for 2008 and the beginning fund balance for 2009 in Fund 001.
